

## **İzzettin Silier**

İzzettin Silier was elected an Honorary Member of the Science Academy at the General Assembly held on April 21, 2012.

He has been a leader in bringing science to the public and enticing the curiosity and involvement to children in science through science centers and science museums, starting with the Science Centers Foundation.

He also encouraged us by his critical support during the foundation of the Science Academy. The Science Academy is happy to welcome İzzettin Silier as our Honorary Member.
